## energybank. Interior - Vehicle Showroom

Route 43 Harley Davidson - Sheboygan, WI

LED High Bay

### 77% energy reduction with LED Done Right®

BEFORE

AFTER

#### Harley Davidson Route 43 enhances vehicle showroom with upgrade to LED lighting

Small retail businesses understand the importance of superior quality lighting to showcase valuable merchandise. Harley Davidson Route 43 significantly improved lighting levels and color accuracy while reducing energy costs by 77%. The LED upgrade also eliminates the need for lighting maintenance and repair.

That's LED Done Right®.

| Project Data | Type         | Qty | Energy per Unit | Total Energy |
|--------------|--------------|-----|-----------------|--------------|
| Prior System | HID 400W     | 8   | 460W            | 3,680W       |
| energybank   | LED High Bay | 8   | 105W            | 840W         |
