

DESCRIPTION

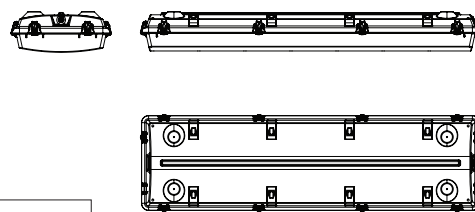

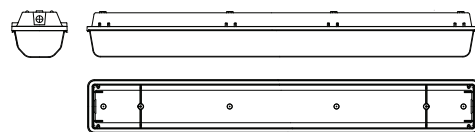

The LED VT Series is created to withstand harsh, wet conditions. Replace a typical HID or fluorescent fixture with a single fixture that consumes significantly less energy. Environmentally safe - no mercury in the fixture.

SPECIFICATIONS

Style:	VT-75	VT-150
Wattage:	75	150
Lumens:	8,800 (nominal)	17,600 (nominal)
Weight (lbs):	8.95	20.15
Dimensions:	L 51.65 x H 5.63 x W 6.77	L 51.914 x H 6.00 x W 14.6
Ambient Operating Temperature:	-40° to 40° C / -40° to 104° F	
Listed / Rated:	UL, IP65, IP66, IP67, NEMA 4X, NSF	
Surge Protection:	Integrated 2.5 kV Transient Voltage Protection	
Color Temperature:	5,000 K	
CRI:	>82	
Line Voltage:	Universal 120-277 V	
Environment:	Wet Rated	
Hanging Hardware:	Optional ceiling mount, rigid mount, or wire hanger with V-hook	
Optics:	Frosted Impact Resistant Acrylic	
Power Supply:	11 ft. Whip Standard. Hardwire Option.	
Warranty:	5 - Year Standard Limited	
Manufacturer:	Genesis Energy Technology (A wholly-owned subsidiary of Energy Bank Inc.)	

Specifications subject to change without notice.

Item	Description	Image	Application
Rigid Mount	316 Stainless Steel or Zinc Plated HSLA		
Ceiling Mount	Stainless Steel ceiling mount attaches directly to ceiling		
Wire Hanger with V-Hook	Stainless Steel V-Hook		

LED VT Vapor Tight Series

Ordering Matrix

To order, create the part number using the matrix below. Example configuration highlighted in Gray.

Example: VT75-UNF1-50WH-HWMSX-CM

Lead times and costs may vary depending on options selected. Consult your sales representative for details.
